

Kyla Anderson for Selina Wu

Avatar Mock-Up Review Notes

1. *Make the characters' faces and eyes visible (slightly smaller heading)*
2. *Fix footer— too much empty space (bigger font or smaller div)*
3. *Sans-serif font for body text that isn't Univers (and eliminate footnotes like “[3]” in the body text because you won't have any of those links on the site)*
4. *All of the hover squares have the blue tinge like THEMES*
